**OBIEE Applications**  
CRM & ERP Analytics

**OBIEE Foundation**  
Custom BI Solutions

**Data Warehousing & Data Integration**  
Informatica, ODI, GoldenGate

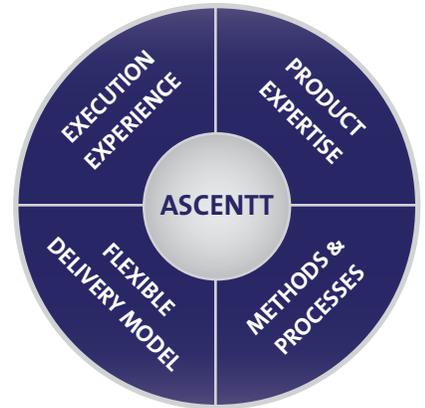

## The ASCENTT Difference

Oracle has recognized Ascentt for its deep expertise and excellence in delivering Oracle Business Intelligence. We are Oracle's specialized partner on OBIEE Foundation, CRM Analytics Applications, ERP Analytics Applications and Oracle GoldenGate, and Oracle's exclusive partner on OBIEE enablement and education activities.

Our unique value proposition offers higher user adoption, lower project cost and lower implementation risks. We achieve this by:

- Proven, customer centric engagement model
- Best in class delivery methodology
- Industry, Product, and Technology expertise
- State of the art offshore delivery center

We deliver a robust and easy to manage BI solution that leads to better user adoption.

## Innovative Solutions

We strongly believe in creatively using technology to build innovative solutions that address industry-wide business challenges.

**Social Media Intelligence** Providing customer insights that allows companies to build and protect their brand, products and services

**Real Time Analytics** Leveraging Oracle GoldenGate to deliver CRM and ERP Analytics dashboards in real time with sub-second latency

**Warranty and Claims Analytics** Offering pre-built Dashboards, Metadata and ETL for Oracle's Warranty and Claims Management module

**MDM Analytics** Providing capabilities to analyze the data quality and data management effectiveness across the enterprise

## We're ready to transform your business. Are you?

Our team is eager to speak with you about your business objectives and answer any questions you may have about our service model. Contact us today.
